WE Soda Strengthens Senior Executive Team

WE Soda Ltd (“WE Soda”) is pleased to announce the appointment of Tamer Bozacı as global Chief Operating Officer with effect from 1 March 2026.

Tamer joins WE Soda with almost 30 years of operational and strategic management experience in advanced materials, having held senior operational and commercial leadership roles in Türkiye and internationally within the Dow-Aksa carbon fibre joint venture since its formation in 2012 and, prior to this, various engineering leadership roles at Aksa Akrilik in Türkiye.

In his new role, Tamer will be based in London and he will oversee the Group’s global manufacturing operations at Eti and Kazan in Türkiye and at Westvaco and Granger in Wyoming, US. Tamer will also be responsible for the operational management of our global ports, warehouse and logistics facilities, working in partnership with the global commercial leadership team and Oğuz Erkan, our Chief Commercial Officer.

Commenting on Tamer’s appointment, Alasdair Warren, CEO of WE Soda said:

“Tamer is a significant addition to our leadership team. His appointment underscores our continued commitment to operational excellence, safety and sustainability leadership, consistent with our strategy and purpose to responsibly produce essential ingredients for a sustainable future”.

About WE Soda

WE Soda is the world’s largest producer of soda ash and a leading producer of sodium bicarbonate. Our purpose is “to responsibly produce essential ingredients for a sustainable future” and sustainability is integrated into everything we do. We produce soda ash with the lowest CO₂e emissions intensity within our industry and we believe that we have the lowest impact on nature and the environment.
